

Fundamentals of chemical technology and chemicals management (laboratory)

Academic year 2021/2022 , Winter semester

Experiment number	Experiment title	Instructor	Address
02M	Continuous production of polyvinyl alcohol	dr Piotr Piotrowski	room 131 e-mail: ppiotrowski@chem.uw.edu.pl
05M	Copolymerization of styrene with maleic anhydride	as above	as above
06M	Catalytic cracking of hydrocarbons	dr Hanna Wilczura-Wachnik	room 114A e-mail: wilczura@chem.uw.edu.pl
026M	Catalytic dehydration of alcohols	as above	as above
030M	Biofuels	dr hab. Elżbieta Megiel mgr Simon Lucato	room 134, e-mail: emegiel@chem.uw.edu.pl room 10 e-mail: lucatosimon@gmail.com
031M	Determination of heat of combustion of biofuels	as above	as above

Consultations are possible on-line after agreeing the date and time with the instructor
